About SWUFE

About Southwestern University of Finance and Economics (SWUFE)

Southwestern University of Finance and Economics (SWUFE) is a national key university directly under the Ministry of Education for the construction of the national "211 Project" and "985 Project" advantage discipline innovation platform, and the first batch of "double first-class" construction universities in China. SWUFE is a top university specialized in finance, economics, and business. It is known for its entrepreneurial character and unremitting endeavours to address the needs of the people and society through academics, research and alumni.

SWUFE is located in Chengdu, the engine-city for the development of Western China and the fourth-largest aviation hub in China.

Courses time: A minimum of 16 credit hours

A maximum of 32 credit hours

Credit and assessment

Credit: Generally a 16 hours course is worth 1 credit, a 32 hours course is worth 2 credits. Please check with your home institution.

Research Institute of Economics and Management

The Research Institute of Economics and Management (RIEM) at SWUFE was established in 2006. Dedicated to high-quality teaching and research in economics, finance, and management, RIEM's goal is to become an internationally-acknowledged research center as well as a leading Chinese think tank. RIEM is a highly internationalized institute, All of RIEM's faculty members hold doctoral degrees from well-established universities all over the world, including U.S., U.K., Australia, Canada, France, Singapore etc. Their publications have appeared in respected international journals. All the courses in RIEM are taught in English. Currently there are more than 900 students studying at RIEM, including 15% international students come from all over the world.

RIEM has been awarded EQUIS accreditation at 2017. The Economics and Management International Immersion Talent (EMIIT) undergraduate Program and master's programs of RIEM are selected as special projects to participate in EQUIS evaluation.

RIEM frequently invites scholars from various countries for teaching and research collaboration. Invited speakers make presentations on their working papers at RIEM's weekly seminar series. Additionally, every year RIEM hosts several international conferences related to different subjects in the fields of economics and management. We will strive to make the RIEM a top teaching and research institution featuring world-class academic research and nationally-leading policy studies with great social impact and public trust.

Why Summer Program in RIEM

Good opportunity to visit
China, live in Chengdu, and
experience
Chinese culture

RIEM offers world-
class, high-quality
teaching

Chance to earn
academic credits

Summer courses are
taught by visiting
professors from
distinguished
universities all over the
world

The program is a
perfect balance of
academics, activities,
and adventures

Chinese Economy and Sustainable Development

The SWUFE Global Academy Program - Chinese Economy and Sustainable Development runs from July 7 to July 21.

The program aims to bring an opportunity to experience the cultural diversity and grandeur of China in two weeks which is fast growing country in the world. This program is not only an academic in-class learning experience but also a diversified field course. The program is a perfect balance among study, activities, visits and trips. While it is necessary to learn Chinese language and other subject courses in a classroom setting, our program helps you apply it to the everyday environment in China. We believe, "1,000 books read is equal to 1,000 miles traveled".

The program will offer three courses which will be taught by visiting professors from overseas universities, and the course of Chinese Language. A 16 hour course is worth 1 credit, while a 32 hour course is worth 2 credits. Students can select one or two courses (in accordance with their home university's requirements).

- Login
- Click online application
- Choose non-degree programs
- Choose Short-Term Visiting Program
- Find our Department name (Research Institute of Economics and Management)
- Fill in your information
- Submit

Visas and Insurance

Visa

Accepted students can apply for an appropriate visa (both “Visiting F” and “Tourist L” visas are acceptable) from their local Chinese embassy or consulate.

You will need to provide a completed application form and an official invitation letter, both of which will be provided by SWUFE after you have been accepted.

Insurance

According to the policy of China’s Ministry of Education, international students must have medical and accident insurance while studying in China. Evidence of an insurance policy (purchased abroad and lasting the duration of each student’s complete stay in China) must be provided upon registration.

While most visits will be free of ailments/ injuries, in the remote case something does happen it is important to understand that Chinese healthcare is **NOT** free. Having insurance avoids excessive costs and inconveniences.

Living in Chengdu

Chengdu is a vibrant metropolitan city in Western China. It is listed in the Forbes Magazine as the "world's fastest growing city for the next decade". Currently our university benefits from more than 300 Fortune Global 500 companies that run operations in our city. Chengdu is also known for her rich culture and long history, combining ancient wisdom with modern business practice, making Chengdu a unique place for people from all walks of life. Chengdu is the top one city of "China's happiest cities"

● Chengdu lifestyle

You will have opportunities to experience Chengdu's pleasant and unique lifestyle. Have a cup of tea and play Majiang in teahouses, witness traditional Sichuan Opera at night, and taste delicious hotpot

● Beautiful green spaces

Chengdu has many beautiful parks where you can enjoy a morning jog surrounded by greenery and cool temperatures during the summer.

● Free attraction

Chengdu is home to some of famous Buddhist and Taoist temples and the best museums in West China- many of which are free.

● Home to giant pandas

Don't miss Chengdu's famous panda base which replicates the giant pandas' natural habitat.
